The North Avenue Business Association High School Fund, established in 2006, is a scholarship presented to two high school seniors planning on attending a college or university, as a business major or a related field. The scholarships are presented each year to students living in NABA's district. The amount of each scholarship is \$1000, made possible through annual dues payments. NABA members can contribute an additional amount to the fund if so desired (please see the check off lines on the membership applications and dues renewal invoices).
